ANIMATION AND DIGITAL TOOLS

NAME/ CONTACTS	SERVICES / DETAILS	CONTACT DETAILS	WEBSITE
Dynamyxiz Gaspard Breton	Specialised in the analysis and computer generation of high-quality 3D faces for film, video games and animation studios. Dynamyxiz has developed Performer , a system of markerless motion capture (which can be used in real time) to capture with finesse and precision facial expressions of an actor and transfer them with accuracy and realism onto the face of a virtual character (3D). The company equally produces facial movement capture (helmets) available for sale and rental. <u>Examples of work:</u> Ubisoft, The Imaginarium, Eidos Montréal, Digital Frontier, Capcom, Solidanim, Dontnod, ...	T- + 33 (0)2 99 12 18 01 hello@dynamixyz.com Based in Cesson-Sévigné (Ille-et-Vilaine)	www.dynamixyz.com
